### *What's new at Enzer & Associates, PC*

This past March our practice was invited to participate in the Masters Course *Helping Your Patient Reach Their Aesthetic Goals* sponsored by Allergan, the pharmaceutical company well-known for Botox®, Juvederm®, and many other aesthetic products. Representing our staff were Ashley Wright, FNP, and Nicole Faria, enhancing their knowledge of patient engagement and education, as well as cutting edge aesthetic treatments with Allergan products. Selected from among hundreds of aesthetic providers, Ashley Wright, FNP, was chosen as a spotlight injector, demonstrating her expertise in cosmetic patient evaluation and treatment.

Dr. Enzer later joined his staff along with other invited guests to the highlighted presentation by Deborah Sherman, MD, Allergan's prominent international educators. During the highly interactive conversation, both Dr. Enzer and Ashley Wright, FNP were invited to participate in role playing and demonstrations. Sort after and admired by fellow colleagues, Dr Enzer was coined "the wrinkle eraser", offering experienced advice in the aesthetic world. We here at Enzer & Associates, PC are extremely proud of Dr. Enzer, Ashley Wright, FNP, and our entire staff!

## Bright Eyes Spring Special

Brighten your outlook this spring with special savings with our custom rejuvenation package for the eye area! Our *Bright Eyes Spring Special* features an eye treatment with Botox or Dysport accompanied by one 3 ml Latisse and/or a Epionce Renewal Eye Cream. (Continue reading below for the advantages of the accompanied spotlight product.)

**SAVE 10%** on one product or **SAVE 25%** when purchased together. This is a time-limited offer and appointments must be booked and treatment completed by July 31, 2019.

[Botox and Dysport](#) can help rejuvenate the eye area by smoothing out worry lines, crow's feet, and other fine lines around the eyes. This quick and effective treatment will give you results lasting three to four months before a touch-up is needed.

[Latisse®](#) is the first and only FDA- approved prescription proven to grow your natural lashes longer, fuller, and darker. Simply brush the product on your upper lash line once a day. With consistent use, your lashes will be long, full, and dark—even without mascara! Start now to start growing naturally lush lashes just in time for the summer months!

## Product Spotlight: Epionce Renewal Eye Cream

A moisturizing must-have for all skin types, [Epionce Renewal Eye Cream](#) helps diminish the visible appearance of fine lines and wrinkles around the delicate eye area. Key ingredient complexes work to unveil more youthful, healthy-looking, beautiful skin. Soft-focus technology scatters and diffuses visible light, helping to reduce the appearance of dark circles and puffiness.

Key Benefits:

- Active complexes help reverse visible signs of aging.
- Soft focus technology visibly reduces imperfections.
- Formulated to complement the use of eye makeup.

Unsure if this is the right product for you? Call our office and speak with Melissa Nowicki, LE for a personalized skin maintenance consultation and plan!
